Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' amendments, filed 1/31/05, have overcome the 35 USC 103(a) rejection, issued in the Office Action dated 11/2/04. Additionally, applicants' process for preparing a mixture of primary alcohols is unobvious over the prior art of record because the prior art of record does not teach or suggest preparing primary alcohols, as presently claimed, wherein the dimerized intermediate product, that results from dimerizing an olefin mixture, has a degree of branching of between 2.0 and 3.0. All claims (32-34 and 47) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
